They would resemble the weighty essay of half a century ago, rather than a present-day sales talk. Certainly this would be true if it were regarded as necessary to embody in each letter all the rules laid down regarding opening, description, argument, proof, persuasion, clinching, and the various intermediate embellishments. Most books on the subject of business letters devote far more space to these features than does the present work. The authors believe it is wiser to give to the subject a treatment that is suggestive rather than one that is exhaustive and likely also to be exhausting. This book is designed, not as a textbook on the subject of business letters, but as a practical aid...
