GENE PYRMIDING IN SUGARCANE CROP

LAP Lambert Academic Publishing. Paperback. Book Condition: New. Paperback. 272 pages. Dimensions: 8.7in. x 5.9in. x 0.6in. The present study has shown the possibility for the production of sugarcane transgenics with red rot resistance. Integration of resistant gene and its stability in the cultivated sugarcane have opened up yet another new method of crop improvement. Through genetic transformation technology it is possible, a variety with high yield and quality which otherwise is lacking in a single character can be improved by...
