Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Rabies or Hydrophobia Sir: I have the honor to transmit herewith, and to recommend for publication as a Farmers Bulletin, a paper on Rabies, or Hydrophobia, by Dr. John R. Mohler, chief of the Pathological Division of this bureau. This paper is based on an article which forms a part of the Twenty-sixth Annual Report of this bureau. The disease known as rabies in animals and hydrophobia in mans one of the most terrible maladies known to medical science. Although some skepticism as to this disease persists and is industriously fostered by the publication of erroneous views, the reality and he infectious nature of the malady have been abundantly established and confirmed by the work of numerous competent scientific investigators, and there is no more reason for doubting the existence of rabies than for questioning the actuality of other specific and well-recognized contagious diseases. Rabies is prevalent among dogs in various parts of the United States, and the presence of infected animals is a constant menace to human life. Under this condition the relative infrequency of...
